Dear Ms Connelly

I would like to extend my thanks to you and the members of your team at Papercut for your work in preparing the Australian Government's National Security Science and Innovation Strategy for publication. We have appreciated the creativity and good-natured enthusiasm with which you approached this task and the manner in which you worked with the National Security Science and Technology Branch to deliver a high-quality document within our required timeframe.

In the lead-up to the document's public launch this morning, we have received a number of positive comments on the look and feel of the document, including from the Parliamentary Secretary to the Prime Minister, the Hon Anthony Byrne MP, and the Secretary of the Department, Mr Terry Moran AO. It was gratifying to see this feedback echoed at the launch event by members of the public and a number of individuals who contributed to the development of the document.

We look forward to opportunities that may arise for us to work with your company again in the future.

Yours sincerely
